

PIRS 3.25

Highlights und Improvements

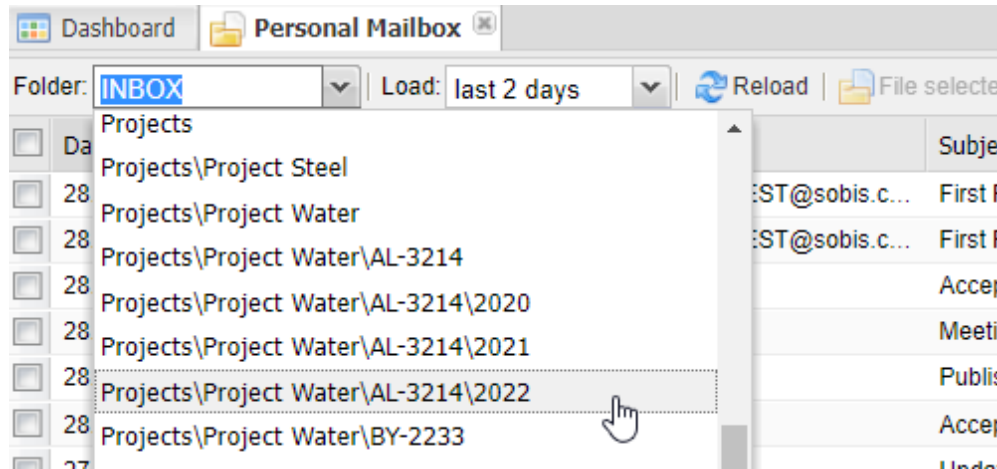

Duplicate check for drag & drop filing

The duplicate check is now also available for mails that are filed via drag & drop:

Load all folder levels from Office365 mail box

- » Today the first two folder levels are loaded in Office365 (Graph API) only
- » In the future all folder levels will be loaded by default

Open always the valid revision of a Document via link

- » Ensures that user opens the valid revision of a Document only
- » Link can be made available in any Report
- » Ask SOBIS Service Desk for further information
